

A CINEMA FOR TEDDINGTON

THE FRONT ROOM BAR & CINEMA

Home from Home – a Space for Living after Lockdown

The auditorium echoes the form of its envelope, taking its cues from venues such as **The Electric Cinema in Notting Hill** and **The Everyman Cinema in Esher**, where comfort and space are key. The auditorium bar can offer either bar service for interval drinks or table service for added luxury, while the flexible stage area can be extended for events or reduced for additional cinema seating.

The **bar and restaurant/cafe** area are fitted out as a comfortable living room, with a long bar, easy sofas and banquette seating for dining, offering flexible options for a cosy coffee morning, a lunchtime snack or a delightful night out, all year round. We believe this will be a much used and much loved Front Room.
